A lightweight and stackable base frames the Mozzie Fog for quiet power and simple operation. With the built in easy fill tank and simple installation and calibration, the Mozzie Fog is up and running in minutes, ready to give years of reliable performance. Mount to an ATV, trailer or truck for effective applications in parks, golf courses, small townships...anywhere larger units are impractical.

The quick release nozzle makes the Mozzie Fog easily convertible to a dry granular applicator by addition of the fully compatible Arro-Gun Granular Application System. Versatility, performance, and economy add up to a must have in your adulticiding arsenal.
